

## RESULTS - TEPP RAPID FIRE MATCH - Sept 16, 2023

We would like to thank those that came out to participate in our match. This was the first official pistol match run by the Toronto Estonian Rifle and Pistol Club. The event was mainly intended to be a 25M Rapid Fire Pistol match but in addition to the main match, there was an opportunity for competitors who had them to compete in separate categories using the old .22 short (Classic) rapid fire pistols or pistols with red dot sights.

The weather ended up being perfect for the match, which we were thankful for since it took place at the outdoor range of the Seedrioru Estonian Summer Camp. This range is located north of Guelph between Elmira and Elora.

The future intent is to run this match at least annually in hope of attracting more competitors to this discipline. We hope to see you at the next match.

Thank you.
